PRESS RELEASE

An Award-Winning Facilities Master Plan

McClellan, CA— Exciting news for Twin Rivers Unified School District! The 2015 Long Range Facilities Master Plan has received a prestigious Leroy F. Greene Design & Planning Award of Honor from California’s Coalition for Adequate School Housing (CASH) and the American Institute of Architects, California Council (AIACC).

The award was presented to the District and SIM-PBK, the design firm Twin Rivers worked with in the creation of the Facilities Master Plan, at the 38th annual CASH Conference.

“What an honor, we’re thrilled,” says Kimbely Barnett, Twin Rivers Executive Director of General Services. “The award is a source of pride and inspiration for the District and SIM-PBK.”

The Long Range Facilities Master Plan is a living document and guides Twin Rivers in prioritizing projects within the District.

#

Twin Rivers Unified School District serves approximately 28,000 preschool through adult education students in northern Sacramento County.
