PRESS RELEASE

Twin Rivers Hires Deputy Superintendent

SACRAMENTO—William McGuire, an outstanding educational leader with an extensive background in school finance, will join Twin Rivers Unified School District in March as Deputy Superintendent of Administrative Services.

McGuire most recently served as superintendent of St. Helena Unified School District. He has 31 years of experience in education and is a past president of the California Association of School Business Officials (CASBO).

"I am excited about the position of Deputy Superintendent of Administrative Services as it encompasses all of the areas which I have been responsible for, in the past, in many school districts," says McGuire. "The opportunities at Twin Rivers, given the new Local Control Funding Formula and Accountability Plan, are exciting. I look forward to being part of the team, with the Board, Superintendent, and other staff, that is focused to ensure all students succeed at the highest level."

As Deputy Superintendent, McGuire will oversee Business Support Services, Fiscal Services, Facilities and Operations, Maintenance, Transportation, Risk Management, Nutrition Services and the Warehouse. He will also work with Educational Services to provide students with access to high-quality learning options.

"He's a man of great integrity who is in high demand because he is one of the leading experts in the state on business and school finances," says Twin Rivers Superintendent Dr. Steven Martinez. "With his strong background, there's no question he will make tremendous contributions to our district to ensure that all students graduate college and career ready. We're thrilled to have him on board."

McGuire has a bachelor's degree in economics and accounting from Central Washington University and a master's degree with a concentration in school district administration from Pepperdine University.

Twin Rivers Unified School District serves approximately 27,000 preschool
through adult education students in northern Sacramento County.
