Where: **Creative Connections Arts Academy**
7201 Arutas Dr., No. Highlands, 95660

#####

Creative Connections Arts Academy (CCAA) was created by families and teachers in the North Highlands region to provide an integrated arts approach to all subjects and give teachers and students more flexibility in the learning environment. CCAA is a dependent charter school in the Twin Rivers Unified School District. For more information, visit <http://ccaa.twinriversusd.org>.

The Twin Rivers Unified School District was created in July 2008, merging four North Sacramento area school districts to serve 28,000 Preschool through 12th grade students. In the first three years, graduation rates, attendance rates, and enrollment have increased dramatically.
