“Can You See It 2”

*Save the Date for Grant Union High School's
Sports Health Academy Second Annual Fundraising Dinner*

We would appreciate your support in helping to inform our community about the Grant Union High School Sports Health Academy Second Annual Fund Raising Dinner, “Can You See It 2” on June 18, 2011.

The Sports Health Academy staff and students, assisted by a fundraising committee and advisory board, are hosting the second annual dinner to support the establishment of a state-of-the-art health and fitness center on the Grant Union High School campus, located in the heart of Del Paso Heights. The current facility used by students and championship sports teams is a former airplane hanger and abandoned high school woodshop with worn, inadequate equipment—some of which is held together with duct tape. To date, one-fourth of the needed \$1.2 million has been raised.

Funds will be used to renovate the facility, purchase new equipment, and add a much-needed heating and cooling system. The health and fitness center will provide a world class environment for students and community members, in a neighborhood where there are currently no public fitness centers.

Phase One of the renovation is scheduled for completion this spring and includes demo, clean-up, painting, and installation of a new floor. Completion of the facility and purchase of new equipment depends on future fundraising efforts.

Major support for Phase One of the fitness center renovation has come from City Councilmember Sandy Sheedy, The Ketel's Family Charitable Foundation, Roebbelen Construction, SAFE Credit Union, KPI Architects, local businesses, civic and community groups, and Grant Union High School alumni.
