**PRESS RELEASE**

**Vanir Foundation Supports Noralto Once Again**

McClellan, CA – The Vanir Foundation in Memory of H. Frank Dominguez has awarded Noralto Elementary School with a grant in the amount of \$16,891 for the 2014-2015 school year. The monies will be used for parent/teacher academic teams, field trips and a science night at Noralto.

“Thanks to the Vanir Foundation, we will be taking our parent involvement and student achievement to an even greater capacity and level of success,” says Principal Bradley Allen. “We are extremely thankful for their continued support toward closing and eliminating the achievement gap.”

Established in 2004, the foundation is dedicated to partnering with schools in underserved communities by promoting achievement in math, science, language arts and engaging students in the field of engineering. This is the second year that the foundation has supported Noralto.
