PRESS RELEASE

Partnering for Student Success

McClellan, CA— The Vanir Foundation in Memory of H. Frank Dominguez awarded Noralto Elementary School a \$24,901 grant for the 2015-16 school year. This is the third year that Noralto has been selected a partner school with the nonprofit organization.

This year's grant provides a math/science night for families, several academic field trips, and 60 Chromebooks that are shared among several classrooms.

Incorporating technology into the day gives students a stronger background with technology and greater sense to be successful when they are taking district benchmark assessments and state tests.
