2017 Lego Robotics Competition

MCCLELLAN, Calif. — More than 100 Twin Rivers Unified students in grades six through eight will participate in the 2017 Lego Robotics Competition on Tuesday, Oct. 17. Students will work together in teams to create an autonomous robot that can achieve as many challenges as possible on a challenge board in two and a half minutes. Students will also try to solve a real world problem and present their plan. Most teams will compete in a regional competition in November.
