## **Dinner With a Scientist**

McClellan, CA— Twin Rivers middle and high school students are more than ready for Dinner With a Scientist. Students from Rio Linda High, Highlands, MLK, Foothill Ranch, Smythe 7-8, Rio Linda Prep, Norwood and Orchard will get a chance to interact with scientists from a variety of fields of study during the special event.

“As we move forward with implementing Next Generation Science Standards (NGSS), collaboration with the science community is key,” says Dr. Landon C. Jackson, a Twin Rivers K-12 science, health and physical education curriculum teacher on special assignment (TOSA). “This will be a wonderful opportunity to inspire our students to enter into STEM (Science, Technology, Engineering and Mathematics) careers and majors by interacting and applying knowledge with cutting-edge scientists and their teachers.”

TR students will be joined by 36 other teams from throughout Northern California. Dinner With a Scientist is sponsored by the Sacramento Area Science Project and Powerhouse Science Center.

**WHAT:** Dinner With a Scientist

**WHEN:** 5 to 7:15 p.m. Tuesday, May 5, 2015

**WHERE:** Twin Rivers District Office, 5115 Dudley Blvd., Building D, McClellan Park

*Twin Rivers Unified School District serves approximately 28,000 preschool through adult education students in northern Sacramento County.*
